### DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

### RUB BACKACHE AND LUMBAGO RIGHT OUT

### Pretty Cap for Christmas

Boudoir or breakfast caps are among the pretty luxuries that women delight in and every year at holiday time they flourish anew. It seems that they are more captivating than ever this year and it is certain they were never shown in so great a variety of designs. There is no end to the original and beautiful combinations of ribbon and lace and tiny flowers, made of ribbon or chiffon, that go to make up this most fanciful headwear.

Two of the prettiest of the new caps are shown in the picture and it is evident that they are easy to make. At the top a cream-colored, silk lace is made into a small puff which is merely a circular piece gathered about the edge to fit over the top of the head. A fringe of the same lace is sewed to the puff. Over this little lace cap a shaped piece made of ribbon or silk or satin is slipped. It is made of two pieces wide at the top and narrowing to a bridle under the chin, and is lined with silk. A narrow, corded piping finishes the edges, set between the outside and the lining. The bridle fastens with snap fasteners under a prim little bow of two loops. Millinery flowers are tacked on at the sides.

The cap below is made of two wheels of fine net joined by a gathered band of satin ribbon, about five inches wide. The wheels are made of straight strips of net shirred together and edged with narrow val lace. This lace extends around the cap.

Baby ribbon is gathered and set about the wheels where the strips of net join and inside the lace edging. At the back a bow with long loops and ends is made of narrow ribbon matching the cap in color.

### Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or perfect hearing, and when it is entirely closed, deafness is the result. Unless inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts upon the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Cures free. All Druggists, etc.
